

ReSound Unite™

Strong, wireless
connections to your
TV, mobile phone...
...and other important devices

ReSound

rediscover hearing

ReSound Unite™ Phone Clip

ReSound Unite™ Remote Control

It's never been easier to connect

ReSound Unite™ is a series of wireless accessories that help you connect to people, news, music – all the things that are important in your life.

With ReSound Unite™, you hear your TV, mobile phone, stereo and other devices in a clear, comfortable and dependable way. The underlying technology gives you many advantages:

- **Smart:** Transmits sound directly to your hearing instruments
- **Discreet:** Nothing uncomfortable or bulky to wear
- **Easy-to-use:** Install it and forget about it
- **Safe:** Proven technology used for many years for other products, like wireless keyboards and computer mouses

ReSound Unite™ TV streamer for comfortable connections: Sends crystal-clear stereo sound directly to your hearing instruments from TVs, computers and many other devices (up to 7 metres away). **Page 4**

ReSound Unite™ Phone Clip for easy phone use: Hear your phone call through your hearing instruments. The phone clip sends the sound from your phone to your hearing instruments, so you don't have to hold the phone to your ear. **Page 6**

ReSound Unite™ Remote Control for your convenience: Makes sure you never lose track of your hearing instruments' settings and makes it easy to change programs and adjust volume. **Page 7**

Crystal-clear sound from your TV directly to your hearing instruments

ReSound Unite™ TV

Who wants to choose between watching TV alone, or feeling like you're disturbing family members with the volume turned way up? With ReSound Unite™ TV, you don't have to choose.

Just like everyone else, you can now enjoy strong, clear TV sound and, at the same time, take part in conversations and keep track of the sounds around you.

The ReSound Unite™ TV streamer sends crystal-clear stereo sound from your TV, computer, stereo and other audio devices. You don't have to wear anything extra. No cables or wires are needed. And it has a range of seven metres, so you can move about freely.

Easy to use:

- Clear sound sent directly to your ears from up to 7 metres away
- Just push a button to start (either on the hearing instrument, or if preferred, on the ReSound Unite™ Remote Control)
- Watch TV and still take part in conversations
- Keep track of other sounds around you
- Connect your hearing instruments to up to three streamers (for example, to one TV in the living room, another one in the bedroom and to a computer or stereo in the study)
- Move around while watching TV
- It reconnects automatically when you leave the room and return within 5 minutes

Talking on a mobile phone just got easy

ReSound Unite™ Phone Clip

The ReSound Unite™ Phone Clip makes talking on a mobile phone automatic, effortless and reliable.

All you have to do is press the answer button on the phone clip and start talking. The ReSound Unite™ Phone Clip gives you a wireless connection between your Bluetooth®-enabled mobile phone and your hearing instruments.

Easy to use

- Works with any Bluetooth®-enabled phone
- Size of a matchbox and clips on to clothing or a car's sun visor
- The phone can be left in a bag or pocket during use
- Clear and easy-to-understand sound with no whistling
- Easy to recharge on computer USB outlet or wall plug (cables included)
- 6 hours of talk time, 200 hours of standby time
- Answer and end calls at the push of button
- Easy-to-use volume control

Total control in your hands

ReSound Unite™ Remote Control

The ReSound Unite™ Remote Control puts you in complete command at a glance.

With it, you never lose track of your hearing instrument settings. You can, among other things, use it to change programs and adjust the volume on each of your hearing instruments individually.

Easy to use

- Easy-to-read display makes sure you always know what setting you're using
- Shows what program you're in and the volume level for each ear
- Discreet look and handy feel
- One-touch connection to the ReSound Unite™ TV Streamer
- Key lock makes it easy to carry around in the pocket or in a bag without worrying about accidentally changing settings

ReSound

rediscover hearing

ReSound® provides excellent sound by offering innovative hearing solutions that combine original thinking and design with solid technology – all based on deep audiological insight and a profound understanding of the hearing impaired. Now, ReSound Unite™ raises the bar again. It's a family of wireless accessories that deliver strong, invisible connections.
