ReSound

rediscover hearing

Hear your world, your way

Sing along as you listen to your favourite song. Smile as you hear a relative's voice in a video message on your phone. Speak with confidence in front of a room full of people at work.

The ReSound ENZO² family includes the smallest and most powerful super power hearing aid available and gives you easy access to sound, no matter where it is coming from. With ReSound ENZO², you can enjoy an unrivalled choice of ways to connect to the most important things in your life, and discover what it feels like to intuitively personalise your hearing experience.

This is the essence of ReSound Smart Hearing – solutions that adapt to you and your lifestyle, so you can enjoy the moment and join in with confidence.

“I’m listening to music more because I can connect to my phone.”

Helen Picarella, 46
*Educational Audiologist and
super power user since age 12*

“It’s crisp and clear.”

James Raath, 61
*Business consultant,
diagnosed with Ménière’s
disease at age 21*

Connect and interact wirelessly

Easily understand the person on a phone call. Experience every word of the latest movie on your iPad. Enjoy every sound of any app, streamed directly to your hearing aids.

ReSound ENZO² is a Made for iPhone super power hearing aid, so you can stream phone calls, music or any sound from iPhone, iPad or iPod touch directly to your hearing aids – and make your hearing aids work like wireless headphones.

And if you don’t have an iPhone, you can still stream sound to your hearing aids – simply pair any Bluetooth-enabled phone with Resound’s Phone Clip+.

“I can even hear where sounds behind me are coming from.”

Jonathan Shackleton, 64
Antarctic guide who started to lose his hearing 20 years ago

All the power you need

Hear every word clearly. Know where sounds come from. Choose what to focus on. Enjoy natural, effortless hearing.

ReSound ENZO² is the world's most powerful super power hearing aid. It makes you able to experience greater amplification without noise and feedback – a sound that is crisp and clear in any environment.

ReSound ENZO² features Spatial Sense™, developed to give you an improved sense of where sounds come from, so you can focus on the sound you are interested in and still be aware of everything else around you.

Working for you every day

Sterling Gray Silver Pearl White Anthracite Black Beige Light Blonde Medium Blonde Dark Brown Glossy Black

ReSound ENZO² is offered as the powerful 675 battery super power hearing aid, and if you need less gain, the same benefits are delivered in a small 13 battery design.

Whichever design suits you best, every component of ReSound ENZO² is coated with iSolate™ nanotech, making the hearing aids robust and reliable.

PRODUCT RANGE

The ReSound ENZO² hearing aids are available in a range of designs in 10 different colors, so you're sure to find the perfect fit.

RESOUND WIRELESS ACCESSORIES

With ReSound ENZO², you can connect directly to all ReSound wireless accessories, giving you direct audio streaming, discreet control and improved speech understanding in noise or over distance.

Personalise your hearing experience

Quickly change the volume to suit what is happening around you. Personalise the sound you want to focus on. Find your hearing aids if you misplace them. Customise your settings discreetly, as if you were just checking your phone.

With the award-winning ReSound Smart™ app, you can fine-tune the settings of your ReSound ENZO² from your iPhone or selected Android models. And it is available for Apple Watch too.

ReSound Smart app also includes three new features for ReSound ENZO² to optimise your listening experience.

“Because I’m in control, I hear a lot more now... just different sounds I didn’t hear before.”

Stefan Kodjie, 41

Quality Manager and super power user living with severe hearing loss since infancy

SPEECH FOCUS

The speaker’s words sound clearer and you can choose exactly what to listen to.

COMFORT IN NOISE

Reduce noise levels in loud environments so listening is more comfortable and speech easier to understand.

COMFORT IN WIND

The wind filter reduces the amount of intrusive wind noise on a windy day for maximum listening comfort with minimum effort.
