ReSound ENZO2™

Experience  
super power  
Smart Hearing

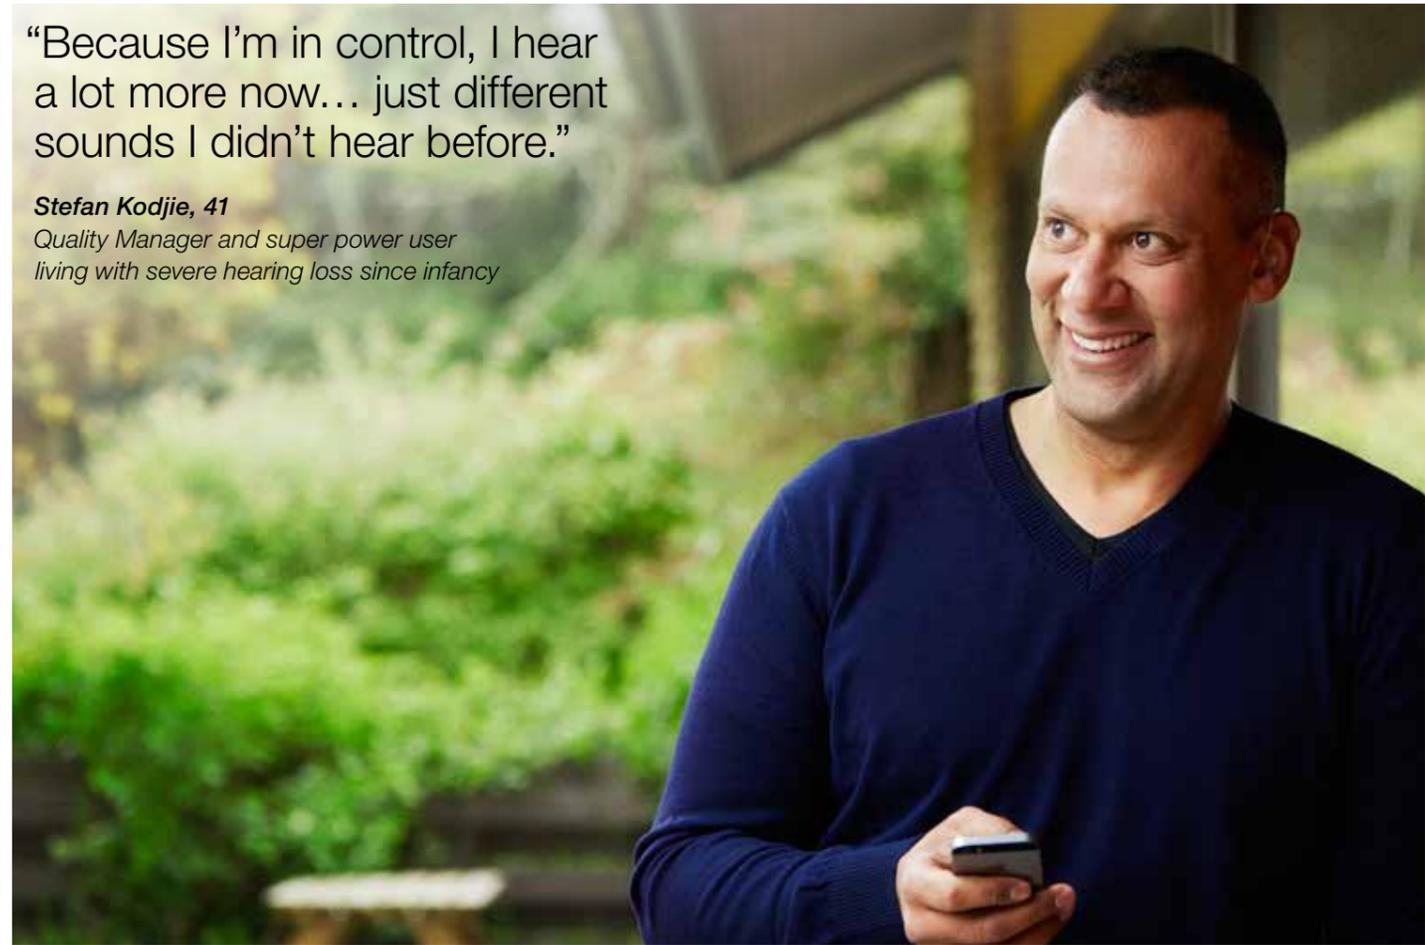

“My hearing aids help me understand where sound is coming from.”

**James Raath, 61**  
*Business consultant and super power user, diagnosed with Ménière's disease at age 21*

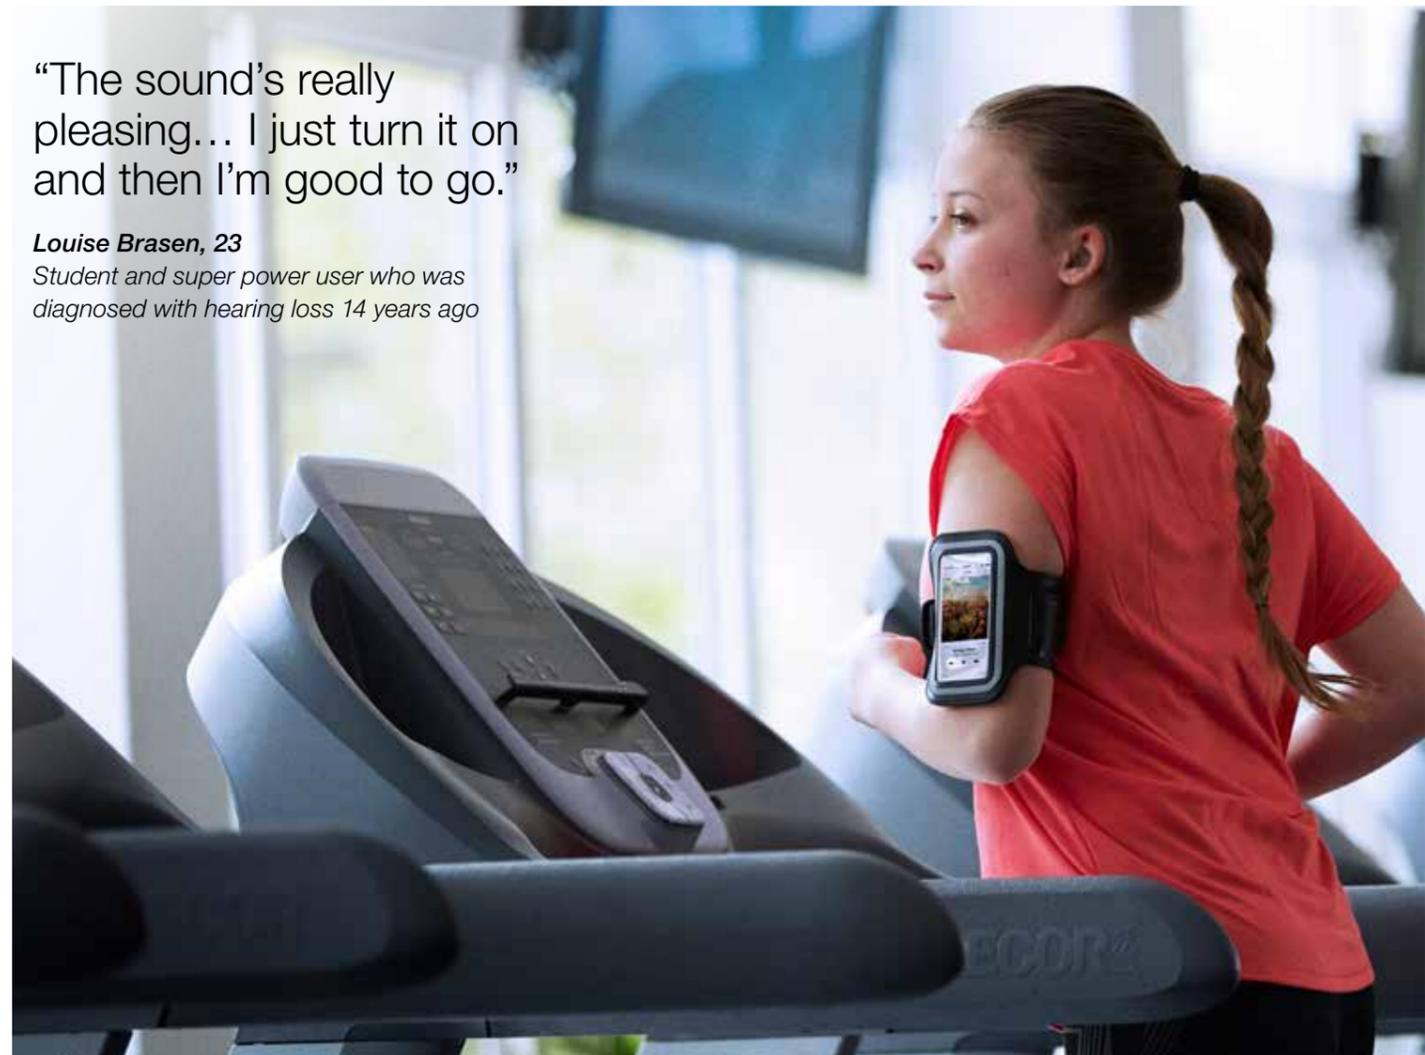

“Because I’m in control, I hear a lot more now... just different sounds I didn’t hear before.”

**Stefan Kodjie, 41**  
*Quality Manager and super power user living with severe hearing loss since infancy*

“The sound’s really pleasing... I just turn it on and then I’m good to go.”

**Louise Brasen, 23**  
*Student and super power user who was diagnosed with hearing loss 14 years ago*

## Hear your world, your way

Sing along as you listen to your favourite song. Smile as you hear a relative's voice in a video message on your phone. Feel on top of your plans when the restaurant calls to confirm your booking. Speak with confidence in front of a room full of people at work.

ReSound ENZO<sup>2</sup>™ is the smallest and most powerful super power hearing aid available and gives you easy access to sound, no matter where it is coming from. With ReSound ENZO<sup>2</sup>, you can enjoy a choice of ways to connect to the most important things in your life, and discover what it feels like to intuitively personalise your hearing experience.

What will you do with your ReSound ENZO<sup>2</sup>?

---

“I’m more aware of where sounds are coming from in the environment.”

**Helen Picarella, 46**  
*Educational Audiologist and super power user since age 7*

---

“Life’s much simpler now – I just need my phone, keys and wallet.”

**Flemming Brasen, 49**  
*Store Manager and super power user for 31 years*

# All the power you need

Hear every word clearly. Know where sounds come from. Choose what to focus on. Enjoy natural, effortless hearing.

With ReSound ENZO<sup>2</sup>, you can experience amplified, balanced sound that is crisp and clear in any environment. And, wearing the most powerful super power hearing aid available, you will be able to enjoy more amplification without feedback than any hearing aid you've used before.

ReSound ENZO<sup>2</sup> features Spatial Sense™, developed to give you a vivid sense of where sounds come from. With it, you can focus on the sound you are interested in and still be aware of everything else around you.

And when you are going from place to place, you can rely on your ReSound ENZO<sup>2</sup> hearing aids to keep up as they work together to automatically optimise what you hear, wherever you are.

---

“It really feels like a rich  
and better sound.”

**Jonathan Shackleton, 64**

*Antarctic guide and super power user who  
started to lose his hearing 20 years ago*

---

# Connect and interact effortlessly

Easily understand the person on a phone call. Get every word of the latest movie on your iPad. Enjoy your favourite music streamed directly into your hearing aids.

ReSound ENZO<sup>2</sup> makes it easy to connect and interact with your loved ones and everything you want so you won't miss any opportunity to engage with your world.

## MADE FOR IPHONE

ReSound ENZO<sup>2</sup> is the only Made for iPhone super power hearing aid. This means that you can stream phone calls, music or any sound directly from your iPhone, iPad or iPod touch to your hearing aids, just as if you were wearing wireless headphones.

## VIDEO CALLS

Made for iPhone connectivity can help you enjoy phone and video calls, for example with FaceTime. The visual cues provided by a video call make for a more enjoyable call every time the phone rings.

If you use Android or any other Bluetooth-enabled phone, simply pair it with ReSound's Phone Clip+ to stream sound to your hearing aids.

“The sound is crisp and clear and I have absolutely no difficulty making phone calls now.”

*James Raath*

# Extend your hearing experience

Listen to a presentation in a room full of colleagues at work. Watch the evening news without disturbing anyone else in the room. Have a chat with your spouse in the kitchen while cooking.

With ReSound ENZO<sup>2</sup> you can connect directly to all ReSound wireless accessories, giving you direct audio streaming and discreet control over what you hear. The wireless accessories will help you extend your hearing range in noisy listening situations and over distance. And they give you the freedom to move around and still pick up every word of the conversation without facing the other person.

### ReSound Micro Mic

Experience exceptional speech understanding so you can focus on the sounds you want to hear, even in a noisy place, and extend your hearing by up to 25 meters in clear line of sight.

### ReSound Multi Mic

Get all the benefits of the Micro Mic with the same hearing range of 25 meters and use it as a table microphone that picks up all the sounds around it. Connect with loop and FM systems\*, and use the mini-jack input for streaming audio from e.g. a music player to your hearing aids.

\* FM receiver required

### ReSound Unite Phone Clip+

Make crystal-clear phone calls, mute background noise while you talk, and stream music, podcasts or any audio from your phone.

### ReSound Unite Remote Control 2

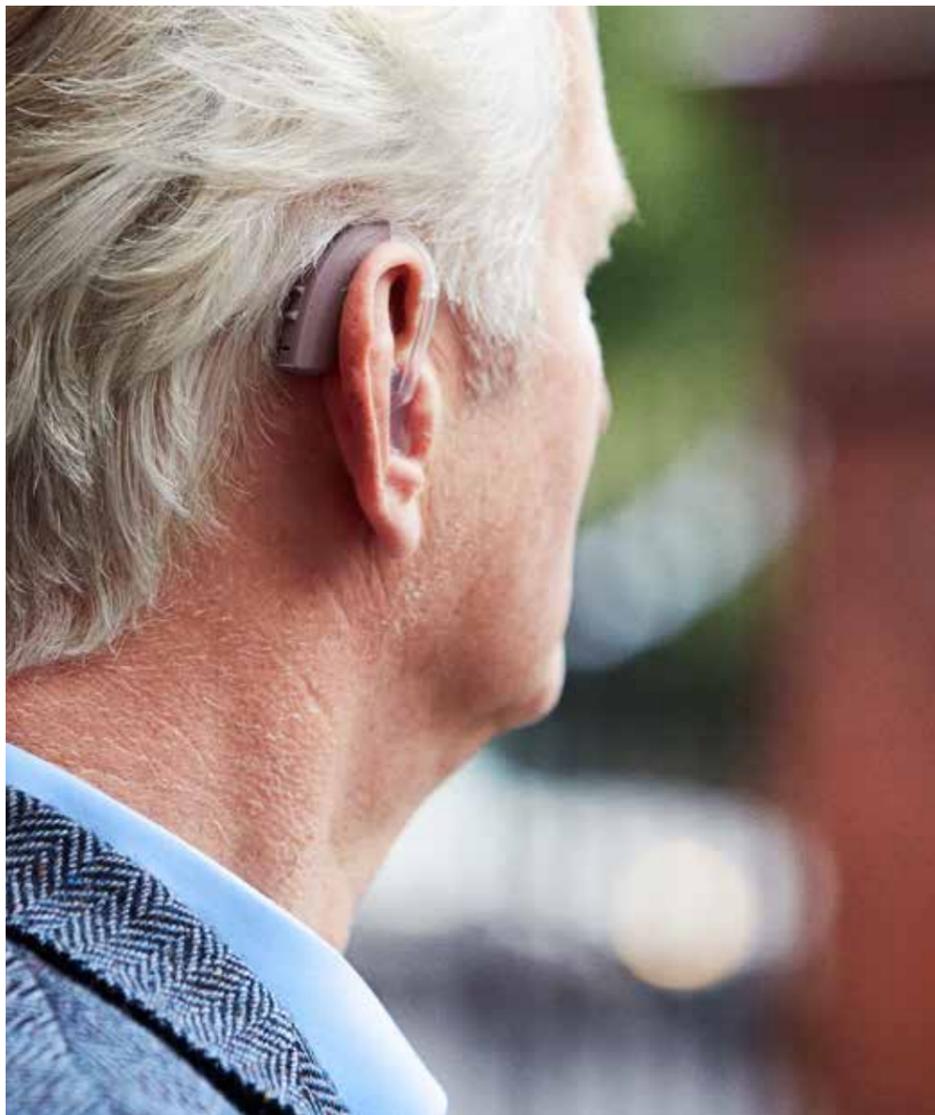

Adjust the volume or mute your hearing aids, switch programmes and see all your settings at a glance.

### ReSound Unite TV Streamer 2

Stream stereo sound from your TV, computer or music system directly to your hearing aids.

“My hearing aids survived Antarctica and made my trips much more enjoyable.”

*Jonathan Shackleton, 64*

## Working for you everyday

Play tennis with friends in the summer sun. Walk the dog in the winter rain. ReSound ENZO<sup>2</sup> is designed to keep up with you and your lifestyle all day, every day.

### SMALL AND DISCREET

Designed to be comfortable and small, ReSound ENZO<sup>2</sup> is the most powerful super power hearing aid you can get. All the great features are available in three power level models; Power, High Power and Super Power, and you can choose between 10 different colours to suit your needs and preferences.

### BUILT FOR RELIABILITY

ReSound ENZO<sup>2</sup> hearing aids are robust and reliable, in any weather. Every component is coated with iSolate™ nanotech, an ultrathin shield that seals off every component from moisture, ear wax and dust.

### BTE 88 COLOUR LINE-UP

Sterling Gray Silver Pearl White Anthracite Black Beige Light Blonde Medium Blonde Dark Brown Glossy Black

### BTE 98 COLOUR LINE-UP

Sterling Gray Silver Pearl White Anthracite Black Beige Light Blonde Medium Blonde Dark Brown Glossy Black

# ReSound Smart™ app for a personalised hearing experience

Quickly change the volume to suit what is happening around you. Optimise the sound you want to focus on. Customise your settings discreetly, as if you were just checking your phone.

With the award-winning ReSound Smart app, you can fine-tune your ReSound ENZO<sup>2</sup> to your unique taste. And it's available for Apple Watch too.

## MAKE ADJUSTMENTS FOR LISTENING COMFORT

Adjust the settings of your hearing aids if the background noise goes up, or you go outside on a windy day, so you always get the best listening experience. Adjust volume, treble and bass wherever you are. Create favourite programmes, geo-tag them, and have them activate as you go to a new place for better speech understanding and listening comfort. All without having to touch – and draw attention to – your hearing aids.

## CONTROL YOUR RESOUND STREAMING ACCESSORIES

Access your ReSound streaming accessories from the ReSound Smart app and balance the hearing aid volume and streamed audio independently. Turn on your Micro Mic or Multi Mic when you want to focus on what the person wearing it has to say. And, when your favourite programme comes on TV, you can switch to your TV Streamer 2 with a couple of taps on your smartphone.

## FIND YOUR HEARING AIDS

If you misplace your hearing aids, you can quickly track them down with the ReSound Smart app's 'Finder' feature.

“I have total control over my environment.”

*James Raath*

## RESOUND CONTROL™

The ReSound Control app turns a smartphone into a hearing aid remote control, so you can easily and discreetly manage volume and programmes. It also lets you access and control your streaming accessories\*.

\* ReSound Phone Clip+ is needed to use the ReSound Control app

ReSound helps people rediscover hearing with hearing solutions that emulate the function of the natural ear. Our aim is to help give you the opportunity to live a rich, active and fulfilling life. ReSound ENZO<sup>2</sup> is a super power Smart Hearing aid. It connects you to the world and supports you in the way you want to lead your life.
